IV. THE UNDERLYING CRIMINAL CONDUCT — SUMMARY

A. Interstate Wire Fraud (18 U.S.C. § 1343)

The subject manufactured gummies in Minnesota containing 0 mg CBD per serving, then repackaged them into North Dakota bags labeled "75 mg CBD per serving." North Dakota consumers paid premium prices for a product that contained no active CBD ingredient. The subject directed this scheme via text message and coordinated distribution across state lines through the Bergseth Bros. Bergseth placed an approximately \$90,000 order in May 2026.

B. Misbranded Food in Interstate Commerce (21 U.S.C. § 331(a), § 343)

The product label claims 75 mg CBD per serving. The actual product contains 0 mg CBD. This is a 100% misrepresentation of the labeled active ingredient. The product was shipped from Minnesota to North Dakota, establishing federal jurisdiction.

C. Adulterated Food — Insanitary Manufacturing (21 U.S.C. § 342(a)(4))

Edible consumer products containing THC and CBD were hand-packaged and heat-sealed in a commercial office suite at 10740 Lyndale Avenue, Suite 11W, Bloomington, MN. The entire office was used for the production operation. The workspace had no utility sink, no soap, no sanitizer, no gloves, no hair coverings, no food-grade work surfaces, no sanitation logs, no pest control program. The workspace is carpeted with residential-grade plumbing and a drop ceiling. Photographic and video evidence is preserved with SHA-256 cryptographic hashes.

D. Certificate of Analysis (COA) Fraud

COAs were systematically falsified, duplicated across product lines, altered to show "passing" results not matching actual third-party lab results, or missing entirely for products sold at retail.

E. State Consumer Fraud

- Minnesota: Minn. Stat. § 325F.69 (Deceptive Trade Practices Act)
 - North Dakota: N.D. Cent. Code § 51-15 (Consumer Fraud)

VII. WHY THIS CASE REQUIRES PROMPT POLICE ACTION

The threats are specific ("I'm gonna fucking kill you, bitch"), recorded contemporaneously, and directed at a federal whistleblower. The 4:34 PM text message from Bri Bosma extends the threats in writing and references the consumer-warning website. The coordination between Bri Bosma (11 phone calls) and Evan Bosma (missed call in same window, verbal participation in the voicemail threat) establishes joint action. The reporting party is now a documented federal whistleblower with corresponding protections.

VIII. PRESUMPTION OF INNOCENCE

The reporting party acknowledges that all matters described in this addendum constitute allegations. Both Subject 1 and Subject 2 retain the presumption of innocence with respect to any adjudication by any court of competent jurisdiction or any administrative agency.

IX. CERTIFICATION

I, Alaedean Hamed, certify under penalty of perjury under the laws of the State of Minnesota that the foregoing statements are true and correct to the best of my personal knowledge.
